**NIH Conflict of Interest Rules:**

**Information for Reviewers of Applications for NIH Grants, Cooperative Agreements, and Fellowships**

The NIH peer review system relies on the professionalism of each reviewer to identify any conflict of interest (COI) or the appearance of COI that may affect or appear to affect the integrity of the NIH peer review process.

- The NIH COI rules for initial peer review for grant applications, cooperative agreements, and fellowships are based on federal regulations ([42 CFR Part 52h](#)) and presented in detail in NIH Guide Notice [NOT-OD-13-010](#), as clarified and revised in NIH Guide Notices [NOT-OD-21-005](#) and [NOT-OD-21-019](#).
- In order to participate in the SRG meeting, you must:
  - Review the rules below and screen the applications for COI or the appearance of COI for yourself.
  - Notify the NIH Designated Federal Officer/Scientific Review Officer *immediately*:
    - If you have a COI that prevents you from serving on that review panel (see below), or
    - If you identify an application with which you have a COI or appearance of COI.
  - Certify on the *pre-meeting* Conflict of Interest Certification below that you have identified any application with which you have a COI or appearance of COI.

You **may not be** on the SRG if:

- You are named on an application in a **major professional role** (Program Director/Principal Investigator[PD/PI], Senior/Key Personnel, Other Significant Contributor, Project/Site/Core Director collaborator, consultant, sponsor, mentor, or conference organizer).
- You are a member of an NIH Advisory Council/Board.
- You have a direct financial interest: you or your close family member would receive a direct financial benefit if an application is funded.
- You are a Federal employee not reviewing in your official Federal capacity, but you are using official duty

time or the resources or supplies of your employing agency beyond what is permitted under your employing agency's applicable de minimis use policies.

You **may be** on the SRG but may not review certain applications, and **must leave the room** when:

- The PD/PI or anyone else on the application with a **major professional role** is from your organization or for multicomponent organizations, from your organizational component.
- You are planning a collaboration with anyone with a **major professional role** on the application.
- Within the past three years, you have published with, have collaborated with, participated in the preparation of an application or proposal with, or have been in a mentoring relationship with any person on the application who has a major professional role.
- The application includes a letter of support or reference letter from you.
- You serve as a member of the Advisory Council/Board for the project under review or for a grant held by anyone playing a major professional role on the application.
- You have an indirect financial interest: you will have received more than \$10,000 (in the form of honoraria, stocks, or fees) from the PD/PI or the submitting institution over the period from one year ago through the end of the proposed project.

You **may be** on the SRG and **may review** specific applications if (not considered a COI):

- An application originates from an organization where you have collaborators, but your collaborators are not listed on the application.
- You have an indirect financial interest of less than \$10,000.
- You freely donate reagents or other materials to the proposed project, and these reagents or materials would also be available to other researchers.
- You, as well as a person with a major professional role on the proposed project, contribute data, reagents, specimens, etc., to the same repository or database.
- You are a member of a research network that involves a person with a major professional role on the proposed project.
- You are a co-author of a non-research publication (e.g., review, commentary) or a mega- multi-authored publication with a person with a major professional role on the proposed project.

### **Pre-Meeting Certification of Reviewers\* of Applications for NIH Grants, Cooperative Agreements, and Fellowships:**

I certify that I have read and that I understand the [NIH Conflict of Interest Rules: Information for Reviewers of Applications for NIH Grants, Cooperative Agreements, and Fellowships](#) summarized above, and examined the list of applications to be reviewed. I hereby certify that, to the best of my knowledge and consistent with my understanding of potential consequences, including the prospect of penalties for falsification, concealment, fraud, and other actions as authorized by US Code Title 18 chapter 47 section 1001

(<https://www.govinfo.gov/content/pkg/USCODE-2014-title18/pdf/USCODE-2014-title18-part1-chap47-sec1001.pdf>), I have disclosed all conflicts of interest or the appearance of conflict of interest that I may have with the applications and I fully understand the confidential nature of the review process.
